

As result of the LEVIATAD call for proposals “Supporting the innovation and internationalization of European Small and Medium-sized Enterprises”, hereafter are published the outcomes of the evaluation process of the projects presented by SMEs.

In any case, companies will receive an individual notification concerning the results of the assessment and information to proceed further in the process of granting. In case of negative result, each enterprise will receive proper clarifications stating the reason(s) of the exclusion.

For inquiries or information, enterprises may contact the consortium at: leviatad@dltm.it
